

Possible arrangements

E

now! flexx

EVERYTHING NEAT AND TIDY.

Looks great from the outside - but wait till you see what's inside! Things have changed a lot when it comes to the good old wardrobe. now! flexx has as many practical features, compartments and possibilities to offer as you have wishes to fulfil. And this applies to the format, too, because you can choose from different widths and two heights; you have options of hinge-door units or units completely without doors, and you also have no fewer than 13 beautiful surface versions. Thanks to the different heights there are no limits to your creativity and even the walk-in wardrobe has become a living room dream that you can realise. The wardrobe units from now! flexx match all the other now! ranges - and colour accent panels, frames and lamps make now! flexx just perfect.

Light brown ash

Doors and drawers are supplied in a standard version with knobs of stainless steel. Knobs in one of the versions listed above are also possible as an alternative (without surcharge). Please state the required version clearly in the order!

Planning notes

Wardrobe

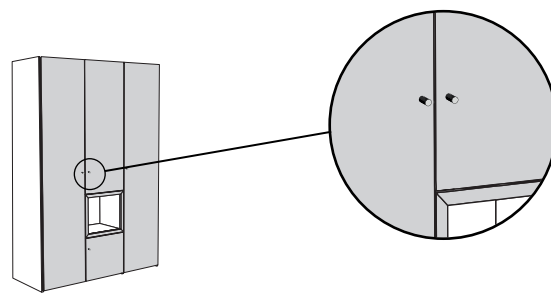

Carcase in wardrobe exterior carcass versions (white lacquer, grey lacquer, brown-black lacquer, natural oak or core walnut); wardrobe interior carcass in standard white lacquer

Front in front versions (white lacquer, grey lacquer, high-gloss white, high-gloss grey, high-gloss brown-black, high-gloss sand, natural oak or core walnut)

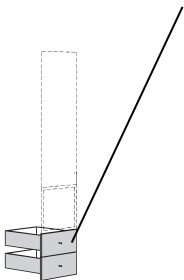

Knobs

Knobs in knob versions (standard version: stainless steel; optionally in white lacquer, sand lacquer, grey lacquer, brown-black lacquer, lemon lacquer, violet lacquer, natural oak, core walnut, dark stained oak or light brown ash)

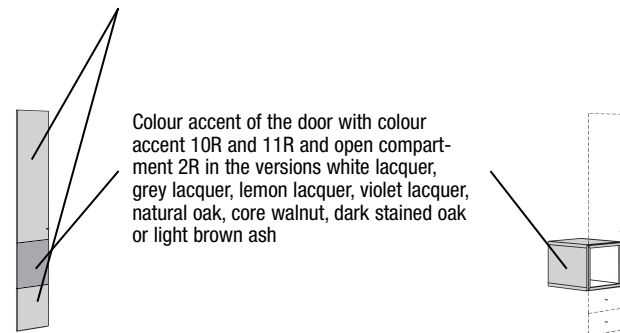

Drawers 2R

Drawers 2R in all versions (white lacquer, grey lacquer, lemon lacquer, violet lacquer, high-gloss white, high-gloss grey, high-gloss brown-black, high-gloss sand, natural oak, core walnut, dark stained oak or light brown ash; exception: not available in sand lacquer and brown-black lacquer); changing versions within the drawer fronts are not possible

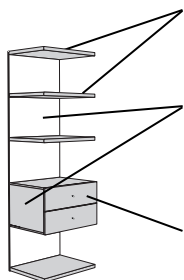

Door with colour accent 10R and 11R and open compartment 2R

Top and bottom section of the door with colour accent 10R and 11R in all front versions (white lacquer, grey lacquer, high-gloss white, high-gloss grey, high-gloss brown-black, high-gloss sand, natural oak or core walnut)

Intermediate units

Shelves in white lacquer, grey lacquer and in all wood versions (natural oak, core walnut, dark stained oak or light brown ash)

Unit rear wall und 2 Raster carcass in white lacquer or grey lacquer

Drawers in white lacquer or grey lacquer, in all high-gloss versions (high-gloss white, high-gloss grey, high-gloss brown-black or high-gloss-sand) or in all wooden versions (natural oak, core walnut, dark stained oak or light brown ash). Changing versions within the drawer fronts are possible.

Changing versions:

In now! flexx colour combinations within individual units are possible. In this case please state the versions clearly and separately in the order! If versions from different price groups are exchanged, the higher price group is always charged. **Please state all the versions clearly in the order!**

Important notes: Generally speaking, you as a dealer/qualified fitter are responsible for the correct wall mounting of the units. That is why wall mounting should only be carried out by properly trained and qualified fitters. hülsta supplies materials for mounting units on walls for nearly all the units and which should be used for safety and for constructional reasons. The assembly materials supplied by hülsta (plugs, screws) are only suitable for fitting components on to concrete in firmness class (C12/15).
 For other materials (please see separate materials table in the wall composition chapter) we provide you with an assembly mortar set as an extra order. Please note that this assembly mortar set is also only suitable for the materials listed in the materials table. If walls are made up of other materials (e.g. plastered or lighter wall materials), one should use another method of mounting better suited to the load on site.
 Please note that if the units are not mounted properly on the wall, there is a risk of the units falling down or tipping over – especially when alternative mounting materials acquired on site have been used.
 For the reasons stated above it is absolutely essential to enquire about the composition of any walls before signing any contracts.

Planning notes

Planning a wardrobe

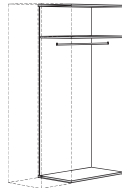

Planning step 1

Choice of basic unit
in the required version as well as height and width

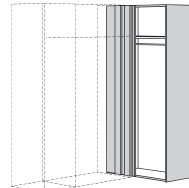

Please note:
1 basic unit is required for each wardrobe project. Exception: intermediate units must be fitted between 2 basic units.

Planning step 2

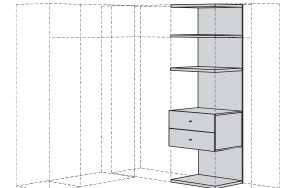

Choice of extension units
in the required version and width

Please note:
As many extension units as required can be included.

Choice of optional corner extension unit
in the required version

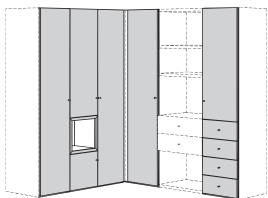

Please note:
1 door must be ordered for the corner extension unit.

Choice of optional intermediate units
in the required version

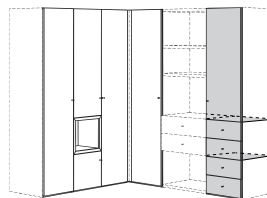

Please note:
Intermediate units must be fitted between 2 basic units.

Planning step 3

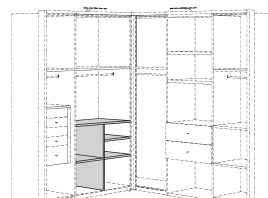

Choice of front(s)
in the required version und height

Please note:
If several fronts are fitted on top of one another, their individual heights must amount to 10R (for 225.4 cm height) or 11R (for 247.8 cm height).

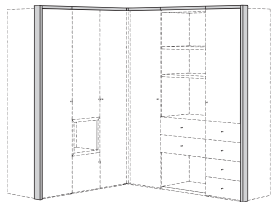

If different fronts meet at a particular height, such as the set of 2 drawers, the 2 Raster open compartment or doors, linen shelves must be fitted at this position. In the case of a set of 2 drawers, it is not necessary to fit a linen shelf between these drawers.

If 49.6 cm wide units, such as the 2 Raster open compartment or doors, are included in a 102/100 cm wide wardrobe unit, a partition incl. cover shelf must be included.

Planning optional accessories: passepartout - lamps - inside fittings - knobs/rod handle

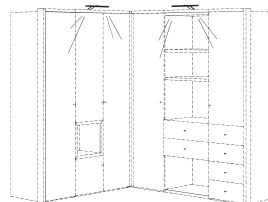

Planning step 4

Choice of matching passepartout
in the required version

Please note:
Vertical passepartout can only be fitted in combination with the horizontal passepartout.

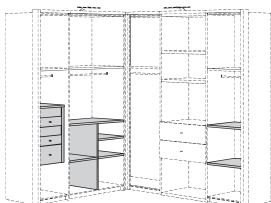

Planning step 5

Choice of lamps
such as:
- Top LED lamp
- LED light strip for open compartment
- LED-lamps for passepartout

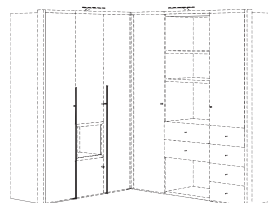

Please note:
Remote control for LED lamps and important notes on including lighting:
see "now! allgemein" chapter!

Planning step 6

Choice of interior fittings
such as:
- Linen and intermediate shelves
- Sets of drawers and pull-out units
- Further accessories such as trouser or tie holders

Planning step 7

Choice of knobs/rod handle
in the required version

Please note:
Doors and drawers are supplied in a standard version with knobs of stainless steel. Alternative knobs in other versions are possible (without surcharge; see the first introductory page). Please state the required version clearly in the order!
The rod handle can only be fitted on 10R and 11R high wardrobe doors (against a surcharge)!

E

Wardrobe system 225.4 cm high

(247.8 cm high wardrobes:
see following double page)
